

TWO DEEDS  
RECORDS BROKEN

Spring Trading Shows Increase  
Over First Week's Business  
of Present Month.

Spring trading in real estate began in earnest this week. The new records for 1913 were established. More transactions were closed than in any previous week this year, and in completing forty deals on Wednesday the brokers did the best day's business of the year. A total of 161 sales were consummated, showing an increase of more than 50 per cent over the activity of the first week of March.

Compared with the second week of March, 1912, the record of the work of the brokers during the past six days shows an advance of 30 per cent. Really active did not start last spring until after March 15.

While Wednesday, with its forty sales, was the banner day of the week, it did not fall below twenty daily, with the exception of the Saturday half-holiday, when nineteen sales were closed. Thursday saw twenty-nine sales effected; twenty-six were made on Tuesday, twenty-five on Monday, and twenty-two on Friday.

The volume of trading this week, nearly kept pace with the increase in the number of sales. There were 316 lots and parcels of realty included in the week's business as compared with 181 in the first week of March.

**North East in Second Place.**  
More than half the trading was in the near-urban district, where 161 lots changed owners. There was increased activity in the northeast section, which secured for it the second place in the week's activity with a total of fifty-five lots sold.

The outlying suburbs dropped to third place this week. There were fifty-five parcels transferred in that section. The northwest ranked fourth, having been the scene of thirty-nine sales. There were thirty-two in the southeast and twenty-two in the southwest.

Two properties in the downtown business section changed owners this week. Edward W. Dunn, Jr., acquired an additional frontage on G street in the purchase of premises 315 G street northwest. Harry L. Rust bought a house on Twelfth street northwest, between C and H streets.

The large vacant lot at the corner of Ninth street and Rhode Island avenue northwest was acquired by John H. Nolan, the buyer, and it is reported will be improved by the erection of a large apartment. A house on Pennsylvania avenue northwest, between F and G streets, and twenty-fifth street, and properties in Meridian Hill and Widows' Hill, formerly owned by Mr. Nolan figure in the deal.

**Apartment Houses Attractive.**  
Apartment houses continued to attract investors, at least two of them appearing in the week's transfers. The Fulford, at 2518 Seventeenth street northwest, became the property of C. H. Wine for a consideration close to \$100,000. C. D. Kefauver paid \$30,000 for a Parkview apartment building on Twelfth street northwest. Mr. Kefauver sold the building last year for \$41,000 and re-bought it at an advance of \$10,000.

Trinity College, the school for girls, near the Catholic University, enlarged its realty holdings this week by purchasing thirty-two lots on the corner of Michigan avenue, between F and G streets, from Joseph Paul and John J. Albright. The price paid for the land was \$25,000.

The loan market did not share the week's activity. There was a sharp decline as compared with the figures of the first week of March. The total of loans made in the past six days was \$1,366,164. This compares with \$1,500,000 the security of 230 lots at an average interest rate of 5.6 per cent. There were no loans in excess of \$50,000 this week.

**Straight Loans Lead.**  
Straight loans continued to lead the market with a total of \$370,000. The sum of all the notes given for deferred purchase money was \$121,336.75. The building associations advanced to members \$70,000.

County property was the choice of the week as security for loans. An aggregate of \$239,567.75 was placed in that section. The largest loan was \$25,000, made to a borrower who had a tract of land in the city of Washington, D. C., to the extent of \$36,750. The record of loans in the other sections was as follows: \$100,000 in the southeast, \$18,750, and southwest, \$7,750.

**SELL LAST HOUSES  
ON QUEBEC STREET**  
Kennedy Brothers Dispose of  
Two Remaining Dwellings in  
Princeton Heights.

With the sale of No. 737 Quebec street to M. J. Killierne, the ten three-story dwellings recently erected in Princeton Heights by Kennedy Bros. have all been sold.

They are among the most attractive developments yet offered by Kennedy Bros. in the new subdivision. Each house fronts twenty-one feet on Quebec street, and is of brick. The lots are eighty feet deep.

The interior finish on the first floor of some of the dwellings is white enamel and mahogany, while oak is used in the others. The woodwork in second and third stories of each building is given the natural finish.

There are several features to the buildings which are not common in medium-priced dwelling houses. Each house is fitted out with a fireless cooker and an automatic water heater, and each has a built-in refrigerator. By this latter arrangement the woman can deliver her ice without having to enter the house.

The two semi-detached houses on each end of the block contain eight rooms and two baths, and were sold for \$2,500 each. The other eight houses contain nine rooms and two baths and were for \$2,800.

The ten purchasers were as follows: No. 731, Mrs. Frederick Schneider; 733, William W. Wayland; 735, Ellen S. Connelley; 737, C. C. Colburn; 739, Dr. Allen Walker; 741, M. J. Killierne; 743, Eugene W. Leach; 745, Annie L. Fowler; 747, Dr. W. E. Elzer; 749, Charles C. Heitman.

**Trinity College Pays  
\$29,700 for Vacant Lot**  
Trinity College has added to its school property one of the largest vacant lots that has been transferred in the District for many months. The lot fronts 200 feet on Michigan avenue, just opposite the Soldiers' Home, and was purchased from James Paul, at a consideration of \$29,700. The transaction was made through the office of Allan E. Walker & Co.

FULFORD APARTMENT  
BRINGS GOOD PRICE

Wine Pays About \$100,000 for  
Large Four-Story Building  
on Seventeenth Street.

One of the largest apartment houses sold recently is the Fulford, at 2518 Seventeenth street northwest, which was purchased by C. H. Wine from Frederick W. MacReynolds and John L. Warren, Jr., for a consideration approximating \$100,000. Eugene H. Taggart represented the purchaser and Moore & Hill represented Messrs. Warren and MacReynolds.

The Fulford is four stories high and contains twenty-four apartments, all of which are rented at a gross annual value of about \$2,000. It is a modern building of reinforced concrete and the floors, piers, and main hallway partitions are of reinforced concrete. Each apartment is also supplied with a concrete porch.

The Fulford is on a lot 100 feet front and 150 feet deep, the ridge of the Highlands. As part payment for the property, Mr. Wine has reorganized his company, Va., valued at \$25,000, and another on Chesapeake Beach, value at \$15,000.

TRADE BOARD SEEKS  
RIVER IMPROVEMENT

Special Committee Is Planning  
to Get More Money for Use  
in Potomac Waters.

Encouraged by the success of the river and harbors committee of the Board of Trade in securing from Congress an appropriation for continuing the work of reclaiming Anacostia flats and the development of Anacostia river, Chairman M. J. Weller has reorganized his committee, which will take up at once other matters of importance in the way of river and harbor development.

The new committee is composed of M. J. Weller, chairman; Richard L. Conner, secretary; Stacy H. Bryant, H. H. Fulton, Edwin A. Newman, Col. William C. Haskell, Bernard S. Judd, Horace G. Macfarland, Thomas P. Murphy, W. A. Rogers, C. E. Richardson, J. Woodman, Gates, Albert Schultze, Joseph P. Stephenson, George E. Walker, and Charles S. Zuercher.

The special committee considering the advisability of discontinuing the teaching of two grades in one room in the district schools will report to the board of education this afternoon at 4:15 o'clock.

URGES GOOD ROADS  
TO END CROP WASTE

Department of Agriculture  
Officials Say Improvement  
Would Save Millions.

An improvement in the distribution of one-third of the crops of the farms of the country would be effected through the construction of a better system of public highways in the United States, according to a statement just issued by the Department of Agriculture. This would eliminate much of the nation's waste and effect a saving of many millions of dollars, it is declared.

On the basis of these figures, Logan Waller Page, director of the office of public roads, has declared that if the roads of the country were put into better shape and properly maintained it would be possible for farmers to get to shipping points at all seasons of the year and dispose of this one-third crop which now goes to waste. The good roads would save pay for themselves, Mr. Page declares, with corresponding improved conditions for all time.
